News from Nurse Peggy

HO! HO! HO! Germs Gotta Go!
 'Tis the Season to be MERRY and it is always better to give than receive right? Wrongwhen it comes to germs. Please make sure you cough into your elbow to avoid spreading unwanted germs. Good handwashing is the best way to prevent spreading as well as getting germs. Should your child be sick do not send them to school, children need to be fever free for 24 hours without Tylenol or Motrin before returning to school.
