School Counseling Week

National School Counseling Week, sponsored by the American School Counselor Association (ASCA), will be celebrated from Feb. 2-6, 2015, to focus public attention on the unique contribution of professional school counselors within U.S. school systems and how students are different as a result of what school counselors do. National School Counseling Week highlights the tremendous impact school counselors can have in helping students achieve school success and plan for a career. School counselors work every day to support students' academic success, personal and social well being, and career development needs. They do this by providing individual counseling, group counseling, classroom lessons, school-wide programming, and consultation with parents, teachers, and staff, and much, much, more! If you ever need the assistance of the School Counselor please contact Mrs. Veronica Hayes at 410-754-9054, she would be happy to help!
